

April 19, 2016

Meeting every Tuesday @ 6:54AM
Windermere Town Hall

Windermere Rotary Club

Weekly Roundabout

Quote for the Week: **"The stupidity of men always invites the insolence of power."**

Ralph Waldo Emerson

PROGRAM FOR THE WEEK:

**Chance Showell
Federal Air Marshall**

THE FOUR-WAY TEST
of the things we think, say or do

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

The **Federal Air Marshal Service (FAMS)** is a United States federal law enforcement agency under the supervision of the Transportation Security Administration (TSA) of the United States Department of Homeland Security (DHS). "The Air Marshal Service is meant to promote confidence in civil aviation by effectively deploying federal air marshals (FAMs) to detect, deter, and defeat hostile acts targeting the United States."

Because of the nature of their occupation, federal air marshals (FAMs) travel often. They must also train to be highly proficient marksmen. Since the 1990s, air marshals are considered to have the highest firearms qualification standards of all United States federal law enforcement agencies. A FAM's job is to blend in with other passengers on board aircraft and rely heavily on their training, including investigative techniques, criminal terrorist behavior recognition, firearms proficiency, aircraft specific tactics, and close quarters self-defense measures to protect the flying public."

Message from the President

Fellow Rotarians,

Another week has passed and it feels like they are going by very quick. There was a Board meeting Wednesday and many subjects were discussed. Norma has the Scholarship program under control. Spring Fest was discussed in length noting that many changes must be made for that program to be successful in the future. Jim Warmus will announce the amount made at our meeting.

Just a reminder: **Monday night, June 20th** will be the installation of officers at the Town Hall. There will be happy hour 5:30 -6:30 with dinner to follow. There will be no meeting the 21st as the installation will count as a regular meeting.

After the meeting today we will be traveling by car pool to **CAMP BOGGY CREEK** which is located in Eustis. We will be making a check presentation and taking a tour. After the tour on the way back I will buy lunch. Take advantage of this, it doesn't happen very often!

Again I want to thank everyone for their support. **In Rotary Service, Darrell**

ATTENTION ATTENTION ATTENTION ATTENTION:

**The only chance you have to win money here is to buy your
50/50 Tickets!**

For more information contact LBV President Elect at jeancampana@me.com.

BTW

Story goes that these two dynamos did incredible jobs last week on their classification talks. Both have impressive histories and careers. We are proud of these gentlemen and very excited to have them as members of our Rotary Club. Thank you and welcome, Eric and Dan!

OUR ROTARY FAMILY

Sterling Hall Update # 8

Finally make it back to the United States. The trip was good, the wind was never in our favor. Crossing the Bahama banks, the wind was nonexistence and we ended up motoring and looking at the amazing bottom go by for days.

Coming down the middle of Hawk Channel in the keys at 2am, we picked up a huge collection of used nets that were attached to the bottom. We ended up anchoring for the rest of the night and then spent about two hours in the morning cutting the boat free of the nets and from the line that attached the nets to the bottom.

The rest of trip from the keys to Tampa was very bouncy, 6 foot waves with a 5 period second with the wind right on the bow of the boat. We were taking waves over the bow for hours.

**Todd and Angela went to Erie, PA to see Rachel's last water polo game
and celebrate the seniors.
Gotta love snow in April.**
